A **complete [menu](https://menuweb.menu) of Flutterbies** from Tyalgum featuring all **46** meals and drinks can be found here on the menu. Nestled in the quaint village of Tyalgum, Flutterby's Cafe offers a charming atmosphere that combines quirky decor with warm hospitality. Diners can relish beautifully presented meals, though some may find the flavors underwhelming compared to the artistic aims. Signature dishes like smashed avocado shine, while others, like Barramundi, may disappoint due to heavy sauces and small portions. The cafe caters to all ages, featuring a delightful fairy room for children and various dining options including high tea. Overall, Flutterby's stands out as a hidden gem worth visiting for its unique setting and hospitable service.
