On this website, you will find the **complete menu** of Mecca Coffee from Alexandria. Currently, there are **54** meals and drinks available. Mecca is a beautiful cafe in Sydney housed in a former warehouse with a high ceiling and wooden tables. While the food received mixed reviews with some dishes lacking in flavor or execution, the coffee was consistently praised. The menu, while limited, offers options for both meat-eaters and vegans alike. The cafe is spacious, clean, and aesthetically pleasing, making it a great spot to relax and catch up with friends. Overall, Mecca seems to be a popular choice for its ambiance and coffee, with some improvements needed in the food department.
