A **comprehensive [menu](https://menuweb.menu)** of **AB Hotel** from GLEBE featuring all **32** dishes and drinks can be found here on the menu. This restaurant seems to have mixed reviews, with some customers expressing frustration over the lack of EFTPOS, outdated pricing, and poor ambiance. However, others have enjoyed the spot for catch-ups, Sunday sessions, and vegetarian options like salt pepper tofu. The food and drinks service received feedback for being modern, with a mention of the Korean Fried Chicken being a standout dish. Despite some issues with cash-only payments and service, the staff appears to be friendly and attentive. The establishment also offers a rotating selection of craft beers, with a possible outdoor area for kids to play. Overall, it seems like a decent place to visit for a casual meal or drinks with friends, but improvements in various areas could enhance the dining experience.
