Hobson Menu

A **complete menu of Hobson** from Rosebud covering all **38** dishes and drinks can be found here on the menu. The Holy Bean offers a unique dining experience, featuring a separate vegan menu, though some diners lamented high prices and small portions compared to the meat options. While the ambiance and service received high praise, consistency in food quality and availability of vegan options raised concerns among patrons. Service issues, ranging from slow food delivery to frustrating noise levels, detracted from the overall enjoyment for many. Despite the shortcomings, there were standout dishes and excellent cocktails, indicating potential for improvement. Overall, the restaurant presents a delightful atmosphere, but diners may wish to manage their expectations.
