Located at the heart of Mysuru city, Tiger trail restaurant offers a culturally diverse dining experience attracting visitors from various ethnic groups. The pricing, however, has been a point of concern for some, with reviews mentioning that it is reckless and not justified by the quality of the food. While the lunch buffet is recommended for its economical pricing and tasty dishes, the overall dining experience has been marred by poor service. Guests have complained of long wait times to be seated, order food, and even receive the bill. The restaurant seems to lack coordination among staff, leading to frustration among diners. Despite these drawbacks, the ambiance and food quality at Tiger trail have received appreciation from many visitors, making it a popular choice for fine dining in Mysore. Whether you enjoy the historic charm of the place or appreciate the extensive lunch buffet, Tiger trail may be worth a visit for those seeking a unique dining experience in the city.
